

AEMA Society – Program Application for Mentees

AEMA Society Mentee Applicant:

The AEMA Society (the “Society”) was chartered in 2021 to identify talented individuals in the mining industry, match them with mentors in their selected discipline, and provide cross-disciplinary curriculum to all program participants. Over the course of one calendar year, Society Mentees (1) receive a course of instruction from the full corps of Society Mentors representing a range of established disciplines, and (2) interact with their designated Mentors on a periodic basis for more personalized learning and discourse. Society Mentees who complete the course of instruction to the satisfaction of their Mentor will attest to conducting their professional careers in accordance with the standards and ethics embodied in the Society Oath, which will be administered at the Annual AEMA Conference.

Society Mentees will benefit from gaining a broad-based understanding of the various topics and professions which are integral to the mining industry. Additionally, Society Mentees’ personal interaction with their Mentor will foster a deeper understanding of their profession and what they may hope to accomplish over the course of their career. AEMA Society disciplines include:

- Investor Relations
- Management/Operations
- Closure & Reclamation
- Land Access & Management
- Financial
- HR/Leadership/Succession Planning
- Legal
- Cultural/Tribal
- Geology
- External/Public Relations
- Environmental/Social Governance (ESG)
- Risk Identification & Management
- Regulatory
- Health & Safety
- Engineering
- Sales/Marketing/Supply Chains

The 2023 AEMA Society program schedule will be as follows:

2023 AEMA Society Mentee application deadline	September 23, 2022
Notification to selected Mentee applicants	October 3, 2022
2022 AEMA Annual Meeting – (2023 Mentee attendance preferred)	December 5-9, 2022
Mentor/Mentee coordination	January 2023
2023 Mentor multidisciplinary instruction (semi-monthly)	February - October 2023
2023 Mentee/Mentor interaction (monthly)	February – November 2023
2023 AEMA Annual Meeting – (2023 Mentee attendance required)	December 4-8, 2023

Applications for the 2023 AEMA Society Program will be accepted until September 23, 2022 and may be submitted as a PDF to koneill@miningamerica.org. Complete applications will include:

- 1) A completed AEMA Society Mentee Application Form.
- 2) A professional resume.
- 3) A brief cover letter and a letter of recommendation may be submitted but are not required.

Applicants need not be AEMA members for Society consideration. However, they must obtain AEMA membership upon selection to attend the annual AEMA Conference and participate in the Society Program. Membership questions can be asked via email to mheywood@miningamerica.org. Questions regarding the program or the application process may be emailed to koneill@miningamerica.org.

AEMA Society Mentee Application Form
